**Age:** Minimum 18 years as of 01<sup>st</sup> April 2024

## WHY PARAMEDICAL COURSES AFTER CLASS 12?

The Indian healthcare industry is one of the largest sectors and as per India Health & Wellness Services report, by the year 2022, the industry will be of Rs. 8.6 trillion (133.44 USD). India has become one of the largest high-end diagnostic service providers with advanced diagnostics facilities. At present, the demand for paramedical profession is quite high and aspirants can easily land on a well-paid job as a paramedic after completion of their courses. Thus, this is a great time for paramedical aspirants to leave a mark in the healthcare industry.

With an aging population Japan, and European countries also seek young talent to join their Health care workforce.
